ANNIVERSARY EDITION

We live in deeds, not in years; in thoughts, not breaths;
In feelings, not in figures on a dial.
We should count time by heart-throbs.
He most lives
Who thinks most—feels the noblest—acts the best.

MR. WILLIAM MCKINLEY JUDD

Throughout the twenty-five years of its existence, its expansion, and its growth, Anderson has been more than usually fortunate in having Mr. William McKinley Judd as a member of its Board of Education, twenty-two years as its president. During all these years he has given unstintingly of his time and of himself and has provided us an example of integrity, devotion, and service to our school and community that we shall not find easy to follow.

It is, then, with genuine gratitude and affection that the members of the Class of 1955 dedicate this twenty-fifth anniversary **Andersonian** to our good neighbor and friend, Mr. Judd.

EXECUTIVE HEAD

Anderson High takes great pride in graduating this twenty-fifth class. So in 1955 we view in retrospect our progress during the past quarter of a century. Anderson's first graduating class boasted seventeen members. The total enrollment of our school was less than 562. Our twenty-fifth graduating class numbers now more than sixty-five, and the total enrollment exceeds one thousand six hundred.

Progress is not measured solely in numerical progression. However, we can boast many advancements in the field of education. We cannot point to the traditions of ivy towers, but we can present a record in education that has kept in cadence with a changing society. Boys and girls have found here at Anderson the opportunities for physical, intellectual, and moral growth necessary to equip them to assume their responsibilities in an adult society.

Although our school might be characterized as having recently emerged from the age of adolescence into a mature standing, many fine ideals have been converted to the state of tradition. Scholarship, sportsmanship, and friendship with one another are traditional at Anderson. Our past overwhelms us with pride as we remember the many outstanding people who share responsibility for our advancement. Our past fills us with humility as we remember our responsibility to those who have preceded us as students and faculty.

Our gaze turns now to the future. We know full well we cannot stand in one spot and rely upon our past. We move forward confidently, relentlessly, or we fail. Our only reliance upon our school's past will be the challenge it gives for our future.

To the Students:

For the past several years, you have been engaged in the process of becoming educated. During this time you have been subjected to three great institutions: the home, the church, and the school. The inroads which these institutions have made upon your lives depend upon the extent to which their teachings have influenced your behavior and become a part of your philosophy of living.

The tools you have acquired, as measured by your skills and attitudes, will be reflected in your future accomplishments. "Knowledge is power" only in so far as it is put to work. Man is paid not for what he knows but rather for the contributions he makes. Society is benefited by the extent to which you improve the lot of your fellow men. The greatest element in success is the determination to succeed.

Regardless of your choice of occupation, do the best job of which you are capable and your reward will be assured. You will never walk alone as long as you have an abiding faith in the teachings of your church, a deep love and respect for your home and the American way of life, and the ability to provide the fruits of happiness.

May you receive divine guidance and protection along life's way.

The Anderson Band has helped tremendously in fostering school spirit and in developing a greater love for and knowledge of music among the students. It has made a spectacular growth, considering the fact that it was organized in 1934 with a membership of twenty-two musicians which has now increased to sixty-six. The credit for this growth goes to the hard-working Band Association, organized in 1950, and to a succession of talented directors: Joseph A. Justin, Milton H. Dockweiler, Josef Rudolph, Mrs. Nell Steen, Jack Wellbaum, and Virgil Wilson.

Since its organization in October, 1929, the Anderson Township Parent-Teachers Association has granted material aid to our school.

The goal of P.T.A. is to bring about better understanding and co-operation among parents and teachers and to promote the welfare of the boys and girls of Anderson Township School. Monthly meetings are held the third Tuesday of each school month, at which time an interesting program, as well as the regular business meeting, is provided for all who attend.
